Denali Training Fund Final Report

Funds for this project are provided by the USDOL and the Denali Commission and managed, in partnership, by the Alaska Department of Labor and Workforce Development.

Name of Organization: Yuut Elitnaurviat	
Name of Project: Yuut Construction Trades Program	
Reporting Period: September 1, 2006 – March 31, 2008	
Contact Person: Tiffany Tony	
Contact Number: 907-543-6920	Email Address:
Award Year: FY07	Award Number: 7-211
Original Amount Awarded: \$323,019	Final Expenditures: \$323,019
Certification: I certify that the information in this report is current, correct and true and in accordance with the terms and conditions of the agreement.	
Signed by: 	Dated: 8/29/08

1. A. In a few sentences, please describe the initial scope of your project.
The **Yuut Construction Trades Program** has been designed to help unemployed and underemployed individuals in the Yukon Kuskokwim Delta get established in the field of construction. The program has been designed to offer both pre-employment and early employment training opportunities to individuals working on, or who want to work on, Denali funded infrastructure projects like village clinics, road projects and the Yuut Elitnaurviat Campus

B. Did you modify the scope or the budget at any time during this project? If so, please explain.

The scope was not amended

2. A. How many people did your original proposal intend to train?

72

B. How many people did you ultimately train? Please attach a final list of participants, their community, certification and where they are employed.

97

C. If there is a variance between original and final, please explain.

We received additional funding from the commission and exceeded our enrollment numbers for both parts of our award.

3. Please tell us about lesson(s) learned during this project.

We are working with the college to get credit added to our courses. We want to structure them so that students can either be working towards their journeyman certification or a college recognized maintenance certificate. We will try to fully implement this new focus for the 2008-2009 academic year.

4. Please provide a minimum of one success story for this project.

Earl Queenie of Mountain Village is a registered Carpentry Apprentice who was on unemployment when he enrolled in his first course at Yuut. Since that time Earl has receive training and earned hours towards earning his journeyman card. He has applied his classroom knowledge to help us build our campus. He has received work on both the construction of our Trades Shop as well as the new Technical Education and Support services Building, which will be the largest structure on our campus. Earl has even been invited to work with our contractor on other projects on the road system. We love the idea that someone we trained has also earned a living helping us bring our vision to reality.

5. Please attach a few photos with descriptive captions.
